## MSpeaker II Package

### Install MVC640-C4-F13

- **MCore Pro** supports: wall mounting, TV mounting, or placement on a table.
- **MTouch E2** supports: placement on a table or wall mounting.
- **UVC84** supports: placement on a flat surface, mounting on top of a display, wall mounting, ceiling mounting, and TV mounting.
- Install and deploy the accessories in the system according to the environment and actual needs. For installation and deployment instructions, please refer to the quick start guide for each product.

### Connect MVC640-C4-F13

### NOTE

- When starting the system for the first time, you must connect a mouse to complete the initial configuration. We recommend using a wireless mouse and keyboard kit.
- The maximum cable connection distance from **MCore Pro** to **MTouch Plus/E2** is 40m (131ft) and cannot be extended further.
- Accessories not included:
  - **Display:** Resolution of 1080p or higher with an HDMI port.
  - **PC:** Must have an HDMI or USB-C port (supporting DP protocol).
  - **Ethernet cable:** CAT5e or higher.
  - **HDMI:** Standard HDMI cable.
  - **PoE switch:** If using PoE to connect speakers or cameras, a PoE+ switch is required.
- A USB-C cable with DisplayPort standard is recommended for **MTouch Plus/E2** content sharing. The original content share cable in MVC kits can also be purchased separately.

## Supported Accessories

For the compatible devices and the maximum number of compatible devices, please refer to [Teams Room Accessories Compatibility Lists](#).

## Initial Setup

When the hardware deployment and connections are completed, you need to set up your Microsoft Teams Room System (MVC) system. Please refer to [Quick Setup](#) for more details.

## Features

### Control Camera Position

1. Sign in to your MVC system using a Skype for Business or Microsoft Teams account.
2. Tap **More** >  to access the Camera Control page.
